

THE ULTIMATE SOIL & PLANT HEALTH TECHNOLOGY

What makes Nature's Wonder® APEX-10™ different from any product on the market?

- APEX-10™ is a powerful Nutrient Booster, Biostimulant and Soil Amendment in one- produced from 10,000 year old active and complex naturally occurring materials.
- A proprietary extraction process is used to recover all of the natural substances in their most beneficial form. The result is a formula with greater power than simply the sum of its parts. APEX-10™ is available as a liquid formulation.

Nature's Wonder® APEX-10™ is backed by university & field studies to successfully:

ENHANCE FERTILIZER & WATER EFFICIENCY

How? By increasing plant chlorophyll levels and accelerating plant metabolic performance

The Bottom Line:

- Increased Fertilizer Efficiency + Less Water = Cost Savings
- Less inputs are better for the environment

Learn More: Virginia Tech: Enhancing Plant Productivity During Drought Conditions, Rutgers: Effects of APEX-10 on Fertilizer Efficiency, & Rutgers: Reducing Irrigation Requirements

INCREASE PLANT TURGIDITY

How? Increases the plant's ability to move water more efficiently

The Bottom Line:

- Better Drought Tolerance
- Less Syringing Due to Hot Spots
- Plant Remains Upright

Learn More: Rutgers: Effect of APEX-10 on Reducing Irrigation Requirements

DRAMATICALLY REDUCE POTENTIAL OF ROOT LOSS UNDER STRESSFUL CONDITIONS

How? Increases root mass, root density, and root strength

The Bottom Line:

- Maintain plant performance and root strength even during heat and traffic

Learn More: Virginia Tech: Enhancing Plant Productivity During Drought Conditions & Virginia Tech: Evaluating Root Development and Root Strength with APEX-10 and Leonardite

ENHANCE SOIL NUTRIENT RETENTION & MAKE NUTRIENTS MORE AVAILABLE TO THE PLANT

How? Enhances growth of native microbial population and its activity

The Bottom Line:

- Solubilize nutrients that are tied up in the soil reducing inputs
